

Night Vision Adapter for Aimpoint® TwistMount

Specifications

Dimensions, mm	73 x 43 x 16
Dimensions, in	2.8 x 1.7 x 0.6
Weight, g	36
Weight, oz	1.2

Revolutionary adapter that enables the rifleman to switch between an Aimpoint® 3X magnifier and weapon mountable night vision monocular in less than 5 seconds. Developed and manufactured by N-Vision Optics, the adapter allows for the night vision monocular to snap on directly to the Aimpoint® TwistMount base in place of the 3X magnifier.

Weighing just 36 grams and measuring 73 mm, this adapter easily attaches to the night vision monocular with no tools required. Currently available for PVS-14 and GT-14 night vision monoculars.
